0858-1771-8838

AI automation specialist with experience in GenAI tooling, prompt engineering, and large-scale data annotation. Focused on improving content integrity through AI-human collaboration and feedback loops. Skilled in designing prompt agents, building automation pipelines with Zapier, n8n, and Python, and monitoring AI performance to refine outputs. Comfortable working asynchronously with global teams.

Work Experience

GenAI Automation Specialist
Labelbox | Remote

Mar 2022 - Apr 2025

- Building and optimizing an automation pipeline for moderation data processing using GenAI (ChatGPT, Claude).
- Developing custom prompt agents for automatic content classification and reducing the burden on human moderators.
- Integrate tools like Zapier and Python scripts to create no-code workflows to handle feedback collection and data labeling.

Machine Learning Support Engineer
Hugging Face | Remote

Jan 2023 - Dec 2024

- Supports automated labeling pipelines using generative AI models trained for text content classification.
- Debug inconsistent classification results, and provide direct feedback to the ML team via a prompt-based feedback loop.
- Designed prompt templates and agent evaluation procedures for edge-case labeling, reducing human error by 30%.

Projects

Developed a mobile learning app using Flutter and Dart, published to Play Store
May 2025 - Present

Personal Project: Building a ChatGPT-based agent to automatically moderate UGC (user-generated content) text.
Sep 2024 - Oct 2024

Core Skills

GenAI & Prompt Engineering: ChatGPT, Claude

Programming & Scripting Languages: Python, HTML5, CSS3, JavaScript, TypeScript, SQL, Dart

Front-End Frameworks & Libraries: Tailwind CSS, Framer Motion, Next.JS, React.JS, Bootstrap

Annotation & Moderation: Edge case tagging, Labeling AI training data

Web Platforms & CMS: Shopify, WordPress, Wix

Design & UX: Accessibility, Responsive Design, UI/UX

Remote Work Tools: GitHub, Remote Collaboration

GenAI Tools: ChatGPT, Claude, Gemini, Hugging Face

Education

MH. Thamrin University   Sep 2023 - Present

Bachelor Information Systems
GPA: 3.90 (Latest)

SMK Muhammadiyah 03   May 2020 - May 2023

Vocational High School Diploma Computer network engineering
GPA: 89

Languages

English *(fluent)*, **Bahasa Indonesia** *(Native)*

Certificates

Node.js   Sep 2023
PT Bisa.ai

Web Developer   Oct 2023
KOMINFO (BNSP)

Python programming language   Sep 2023
PT Bisa.ai

JavaScript (Intermediate)   May 2025
HackerRank

Front-End (React)   May 2025
HackerRank

Java Programming Language   Sep 2025
PT Bisa.ai

Interests

Web Builder, Web Designer, Front-End, Back-End, Web Developer, Wix, WordPress, Shopify, Coding, GenAI, ChatGPT, Claude

Additional

- Comfortable working across different time zones and supporting users in asynchronous environments.
- Passionate about making apps/website more accessible to everyone.
- Passionate about AI-human collaboration and improving moderation systems.
- Strong belief in user-centric product development and technical empathy.
